

## Horizon Europe Launch Event – focus on Africa initiative

16 July, 9:30 (CEST)

Online

The launch of Horizon Europe in South Africa will focus on the Africa Initiative: Horizon Europe 2021-2022 work programme for targeted actions within the continent.

The objective of the event is to promote the participation and engagement of South African researchers, academicians and entrepreneurs in Horizon Europe projects. The programme will include an overview of the political vision, funding instruments and main topics of the Horizon Europe programmes, specific information on the programmes and ongoing and upcoming calls under the Africa Initiative and valuable testimonies from South African scientists with previous participation in European R&I programmes.

Academic and research institutions, public and private stakeholders are all invited!
